Best teacher you've ever had?

Whether they teach you how to enjoy learning, or make you realise your worth, some educators are really special

My music teacher is the best. I've never had much self-confidence. Seeing that all my classmates had speciality made me feel ordinary.

My life changed when I joined the school band and met this music teacher. What makes him happiest is seeing his students fall in love with musical instruments. His encouragement makes me believe in myself.

He often says: "You don't have to be rich to learn musical instruments." This makes me smile. It is so heart-warming. I am very grateful to this music teacher for increasing my confidence. Thank you!
